MATERIAL SAFETY DATA SHEET
WARCO OIL TREATMENT*

III. Health Hazards	
Summary of Acute Hazards	Not expected to present a significant health hazard upon short-term exposure
Route of Exposure	Signs and Symptoms
Inhalation	No significant Adverse health effects are expected to occur upon short-term exposure.
Eye Contact	No irritation is expected from short-term exposure
Skin Absorption	No significant adverse health effects are expected to occur upon short-term exposure
Skin Irritation	No irritation is expected from short-term exposure
Ingestion	Essentially nontoxic. Do not induce vomiting because of aspiration hazard. Get medical advice by calling a poison control center, physician or emergency room.
Chronic Hazards	Prolonged and/or repeated contact with this material may produce skin irritation and inflammation.
Special Health Effects	Personnel with pre-existing skin disorders should avoid contact.

IV. Protective Equipment and Other Control Measures	
Respiratory	<p>None is needed under anticipated use conditions with adequate ventilation. If exposure exceeds the occupational exposure limits, follow OSHA standards or equivalent and wear proper NIOSH/MSHA approved respiratory equipment. Safety glasses should be adequate protection under most conditions of use. Wear goggles and/or face shield if splashing or spraying is likely. Especially if heated above 125 F. Have suitable eye wash water available.</p> <p>Avoid prolonged and/or repeated skin contact, or wear impervious protective clothing. When leaving work, wash hands/exposed skin with soap and water.</p> <p>Use adequate ventilation to keep oil mists of this material below applicable standard(s).</p> <p>Wash hands with plenty of soap and water before eating, drinking, smoking or use of toilet facilities. Do not use gasoline, solvents, kerosene or harsh abrasive skin cleaners for washing exposed skin areas. Take a shower after work if general contact occurs. Remove oil-soaked clothing and launder before reuse. Launder or discard contaminated leather gloves and shoes.</p>
Eye	
Skin	
Engineering Controls	
Other Hygienic and Work Practices	

V. Emergency and First Aid	
Inhalation	Vaporization is not expected at ambient temperatures and this material is not expected to be an inhalation problem under the anticipated conditions of use. In case of overexposure, move person to fresh air.

MATERIAL SAFETY DATA SHEET
WARCO OIL TREATMENT

Eye Contact	Flush eyes with clean, low-pressure water for at least 15 minutes, occasionally lifting the eyelids. If pain or redness persists after flushing, obtain medical attention.
Skin Contact	Remove by wiping, then wash skin thoroughly with plenty of soap and water. Remove contaminated clothing and thoroughly clean before reuse, discard contaminated leather gloves and shoes.

VI. Spill, Disposal and Regulatory Information

Precautions if Material is Spilled or Released	Contain spill and prevent it from entering all water bodies, if possible. Safely stop flow of spill. Evacuate non-essential personnel from immediate spill area due to slipping hazards. In urban area, cleanup as soon as possible. In natural environments, cleanup on advice from ecologists. This material will float on water. Absorbent materials and pads can be used. Comply with all applicable laws. Spills may need to be reported to the National Response Center (800 424 8802). The spilled material and any soil or water which it has contacted may be hazardous to animal/aquatic life.
Waste Disposal Methods	Maximize product recovery for reuse or recycling. Conditions of use may cause this material to become a "hazardous waste," as defined by state or federal laws. Use approved treatment, transporters, and disposal sites in compliance with all applicable laws. If spill is introduced into a waste water treatment system, chemical and biodegradable if gradually exposed to microorganisms. Potential treatment and disposal methods include land farming, incineration and land disposal, if permitted.
Transportation Classifications	<u>U.S. Department of Transportation (DOT)</u> Hazard Class Non-regulated Shipping Name Petroleum Lubricant Identification Number Not applicable
Toxic Substances Control Act	All components of this product are listed in the TSCA inventory
Emergency Planning and Community Right to Know	<u>SARA</u> Title III Section 311.312 Categorizations (40 CFR 370): This product is not a hazardous chemical under 29 CFR 1910.1200, and therefore is not covered by <u>SARA</u> Title III of SARA <u>SARA</u> Title III Section 313 Information (40 CFR 372) This product does not contain a chemical which is listed in section 313 above <u>de minimis</u> concentrations
Comprehensive Environmental Response Compensation and Liability Act (40 CFR 302.4)	Releases of this material to air, land or water are not reportable to the national response center under <u>CERCLA</u> /Superfund or to state and local emergency planning committees under the Superfund Amendments Reauthorization Act (SARA) Title III, Section 304.
Resource Conservation and Recovery Act	When this product becomes a waste, it is classified as nonhazardous waste under the criteria of RCRA (40 CFR 261).
