WARCO TYPE A ATF

PRODUCT TECH BULLETIN

WARCO TYPE A ATF is blended with highly refined base oils and specially balanced additive package that combine to give outstanding performance in the areas of high temperature oxidation resistance, corrosion and rust protection, dispersancy and detergency. This fluid is dyed red.

WARCO TYPE A ATF is formulated for add-on purposes. It will blend perfectly with all original transmission fluids. Please check the recommendation in the owners manual to determine the correct fluid, as misapplication may cause severe performance problems.
